# THE MANUFACTURE

In **France**, at the Emerainville site, each blind is hand-made, customized according to a recognized expertise and appreciated in order to improve the comfort and well-being of people.

**1** SELECTION OF MATERIALS

Our films are selected both for their colour and their specific properties

**2** CUSTOMIZED WORK

All films, all sizes, all forms, each request finds its solution.

**3** ASSEMBLY

Each order requires precision and control, films and mechanisms are assembled manually.

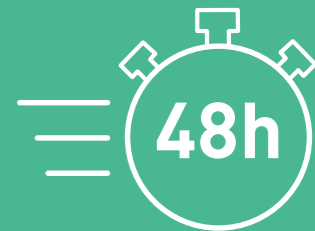

**4** 100% TESTED

For the sake of quality and customer satisfaction, all our blinds are tested before each shipment.

Expertise which has now lasted more than 30 years

Pattern delivered in 48h

A large distributor network throughout France

The heat is highly harmful to the productivity, comfort and health of people.

This is a major problem growing each year in companies

SOLUTION

# SHADE FILM

Fabric

- Film especially developed to **reduce the temperature.**
- Up to **92%** of heat rejected.
- Allows **good visual continuity** on the outside.

**WARMTH**  
issue?

**GLARE**  
issue?

Glare is a real problem for concentration and productivity.

This can lead to headaches, more intense eye work and poor quality work.

**SOLUTION**

# SOLTIS 99

Film  
by Serge Ferrari

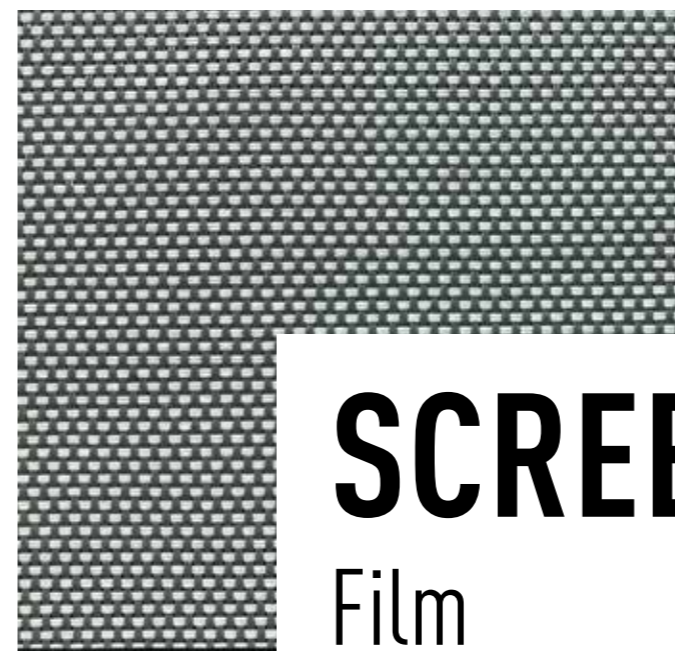

- Up to **97%** of heat rejected.
- **21 colours** available in stock.
- Optimizes **comfort** in terms of design and warmth.

Interior decoration is important, it makes the work environment more pleasant, feel better and therefore more productive.

SOLUTIONS

# SCREEN VISION

Film  
by Mermet

- Offers **visual and thermal comfort**.
- **14 colours** available in stock.
- Weaving mats for **optimal transparency**.

Need for  
**CHANGE?**

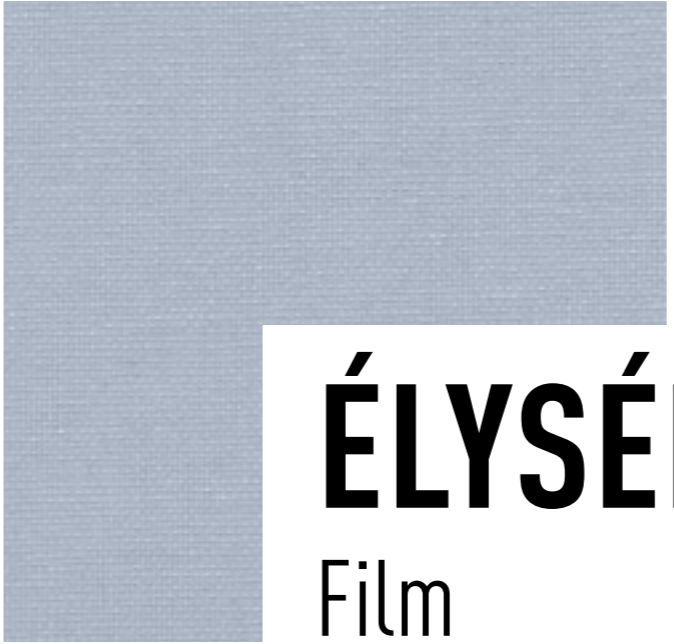

**PRIVACY**  
issue?

At work, in offices, we do not always want to be observed.

For reasons of confidentiality, privacy must be respected.

SOLUTION

# ÉLYSÉE

Film

- To be able **to hide** from the vis-à-vis.
- **Cover** their workspace.
- **21 colours** available.

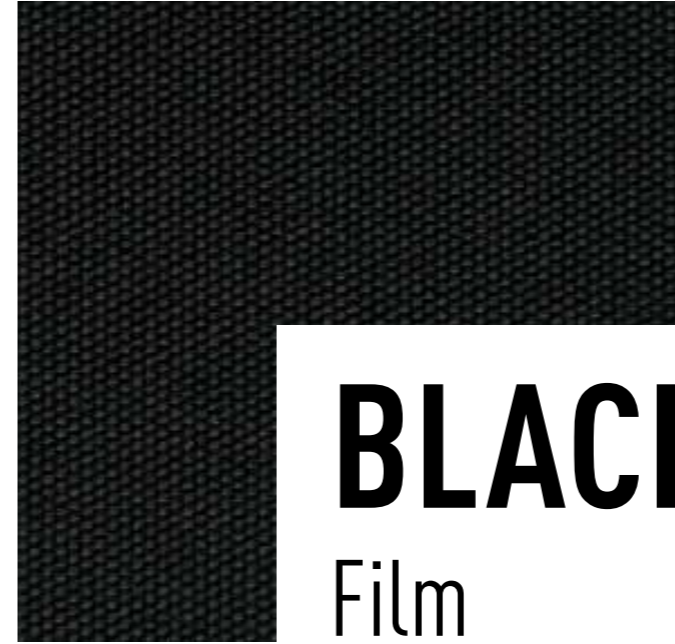

Too much light in a room can sometimes be disturbing.

There are other devices than external shutters to obtain total darkness.

SOLUTION

# BLACKOUT

Film

- Allows **total darkness** of a room.
- Available in **large widths** to avoid fittings.
- **6 colours** available .

Need  
**DARKNESS?**

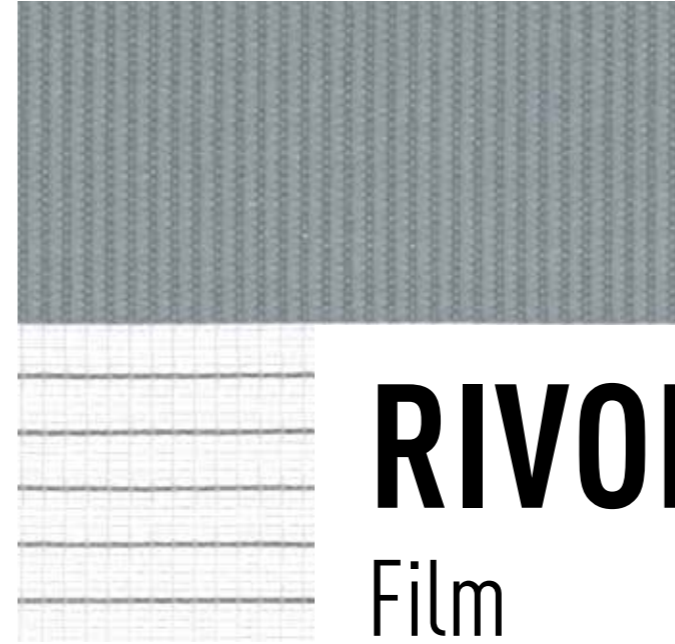

Need to  
**SEE WITHOUT BEING SEEN?**

The problem of external privacy is important at work.

The need to combine discretion and design reassures while being appreciated by all.

SOLUTION

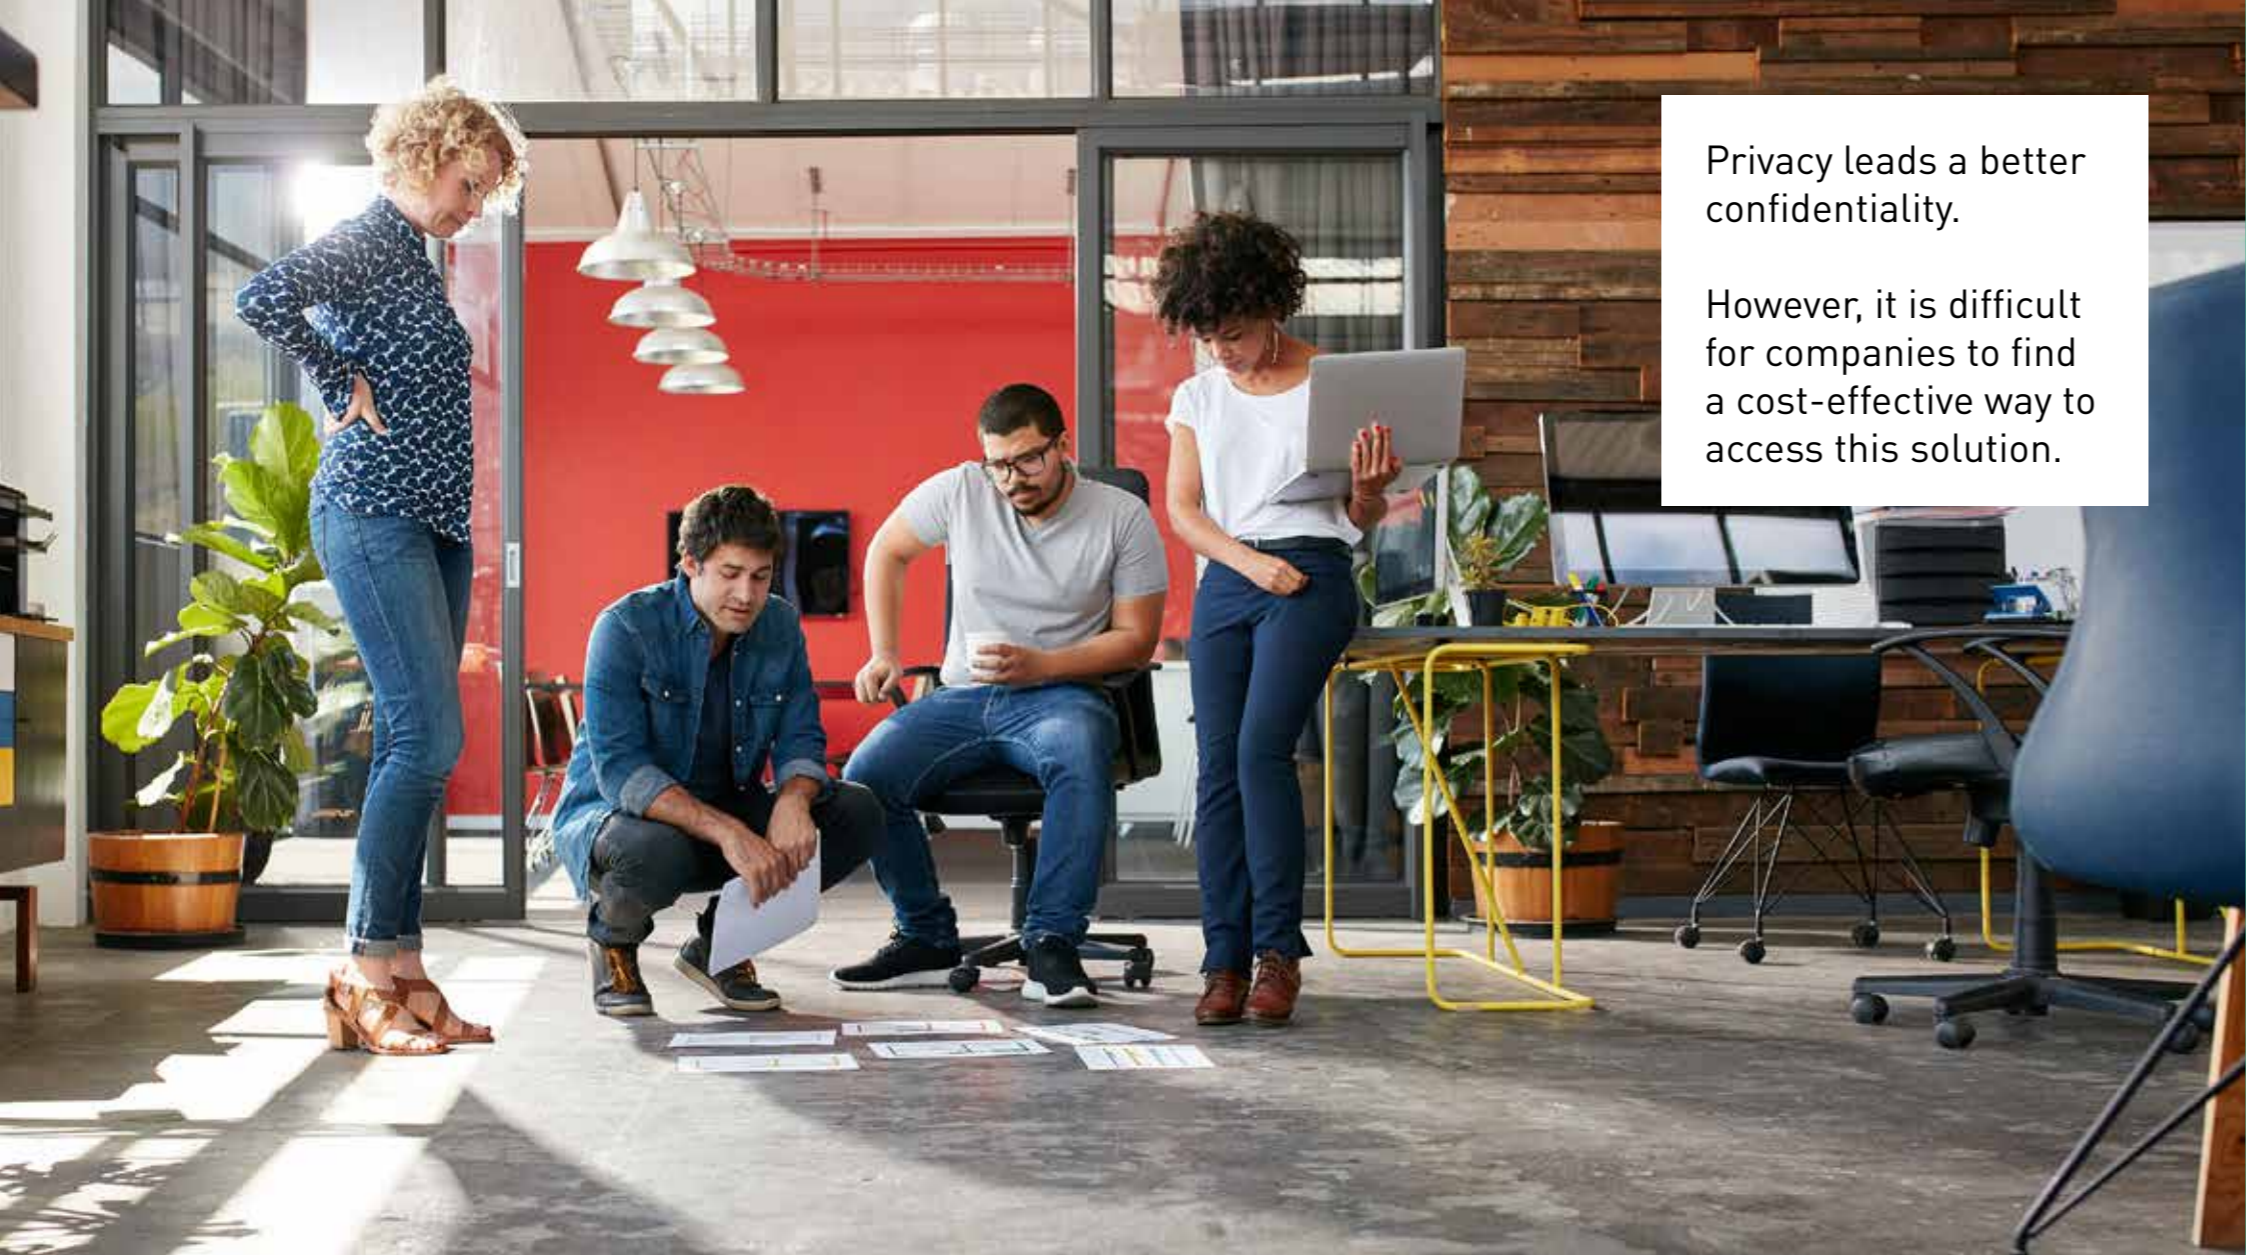

# RIVOLI

Film

- **2 possible** positions: day and night to combine brightness and discretion.
- **7 colours** available.
- The **design touch** for your interior.

Privacy leads a better confidentiality.

However, it is difficult for companies to find a cost-effective way to access this solution.

SOLUTION

Need a  
**COST-EFFECTIVE SOLUTION?**

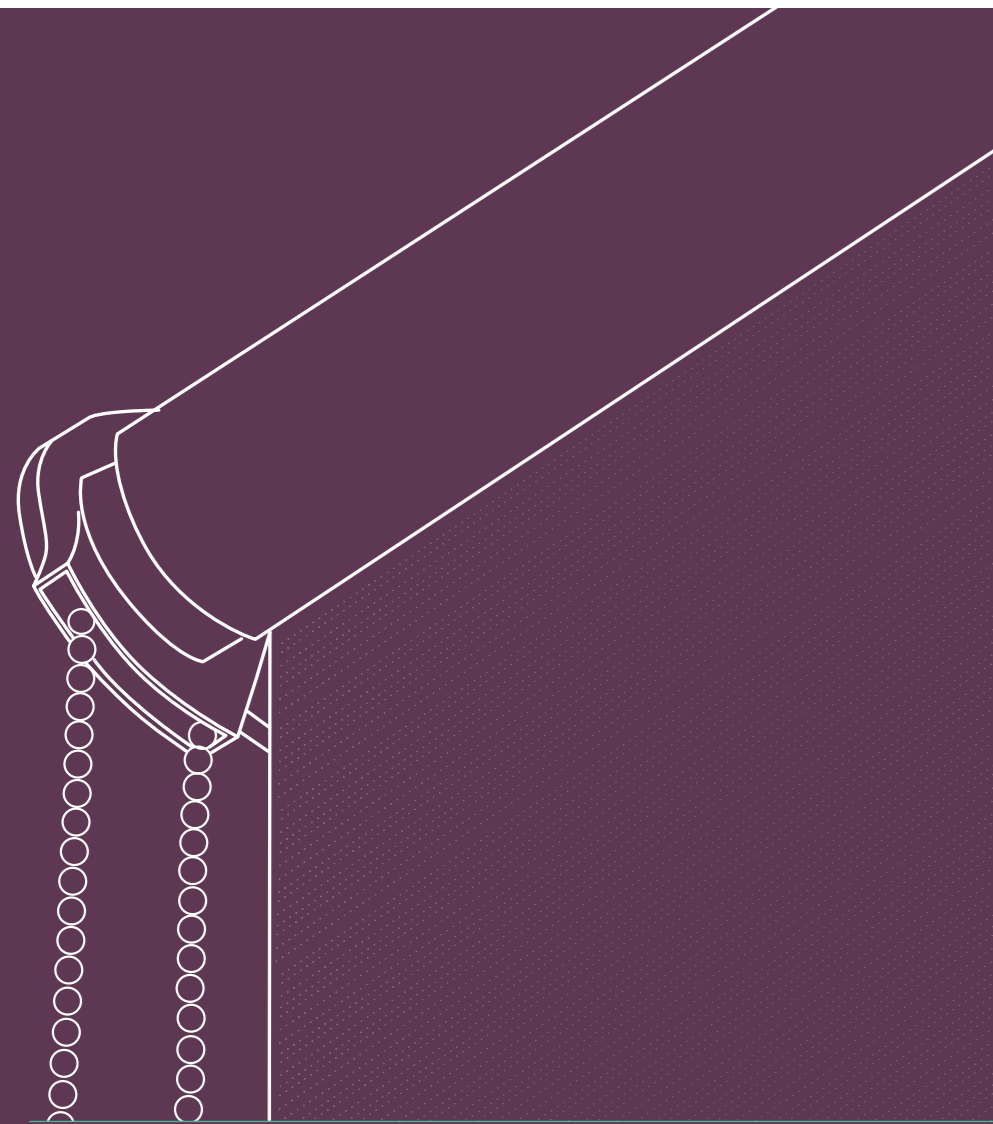

# VÉNITIEN

## Blind
